Good Energy Solutions, Inc. Ranks #1 on SolarReviews' "2016 Top Solar Contractors in Douglas (County)"

Lawrence, Kansas, July 2016 – Good Energy Solutions, Inc., a Lawrence-based solar installer, has been ranked by [SolarReviews](#) as the number one solar installer in Douglas County based on customer reviews of solar installations and customer service.

"We have always been dedicated to exceptional customer service and the highest quality products and installations," said Kevin Good, President of Good Energy Solutions. "That is why, we were chosen by [SunPower](#) to be an Authorized Dealer." SunPower carefully selects dealers based on exceptional customer service, premier system design and installation practices, and expert solar knowledge and leadership. "SunPower products are the most efficient and reliable solar solutions on the market today. When a customer is investing for 25 years in a solar energy system to produce their electricity, it makes sense that the system is warranted for that amount of time. With Sunpower Equinox we can now offer a 25 year warranty to our customers, and we are really excited to offer the absolute best option in the industry." Good added.

Good Energy Solutions' reputation for excellent craftsmanship and customer service combined with the high quality SunPower technology and long warranties is reflected in the customer reviews on SolarReviews. SolarReviews collects reviews of solar companies, solar panels, and solar inverters and shares that information to promote valid installers and equipment in the industry to consumers. SolarReviews verifies installations for Solar Power World Magazine, the solar industry's leading source for technology, development and installation news.

Additional Awards for Good Energy Solutions, Inc:

2015, 2016: "Foundation Award" by Lawrence Business Magazine and Cadre Lawrence.

2015: "Top 500 Solar Contractor in the U.S." by Solar Power World.
