Everyday is Earth Day at Good Energy Solutions

Lawrence, Kansas, August 2016 – The employees at Good Energy Solutions, Inc., a Lawrence-based solar energy and electrical company, collected 10 bags of trash along the Burroughs Creek Trail earlier this week. The company also donated 15 pallets to Haskell Indian Nations University. The Pallets are to be repurposed for a Sustainable Food Composting Program as well as used in the Haskell Wetland Restoration for better accessibility.

“Sometimes protecting the Earth is as simple as cleaning your little corner of the world,” said David Thiel of Good Energy Solutions in regards to cleaning up the Burroughs Creek Trail, which is located near Good Energy Solutions. The company receives numerous pallets due to the delivery of solar panels. “It’s so great to see the pallets being put to good use... to be repurposed into something that is benefitting the students at Haskell, as well as the environment,” said Shana Good of Good Energy Solutions. “We are building a compost area for cafeteria food recovery and research. This has been a year in the making with very limited resources. This company (Good Energy Solutions) has been such a great help in achieving our goals.” said, Kathy LittleBull, an eco-ambassador intern.

Good Energy Solutions adopted the Burroughs Creek Trail & Linear Park in 2015 and is proud to continue to contribute to the efforts made at Haskell Indian Nations University.

Additional Awards for Good Energy Solutions, Inc:

2016: Ranked 1st for “Top Solar Contractors in Douglas (County) by SolarReviews.

2015, 2016: “Top 500 Solar Contractor in the U.S.” by Solar Power World.

2015, 2016: “Foundation Award” by Lawrence Business Magazine and Cadre Lawrence.
